a parent representative.

Professional Development

*CEU/PD credit hours will be awarded
for this workshop. Receipt of contact
hours will be contingent upon the
registrant attending the entire
conference and submitting an
evaluation form.*

**Conference Description &
Objectives**

Target Audience:

Superintendents, principals, school
leaders, school counselors, health
educators, classroom teachers,
parents, and professionals working
with school-aged youth.

Conference Goals: Educators,
families, and community leaders
recognize the need for consistent
and accurate information to
improve school climate. This
conference addresses:

- the practical issues involved
in addressing bullying
behavior in schools
- the unique issues of
cyberbullying
- intervention and response
strategies
- investigative practices
- roles of educators, students,
and parents
- comprehensive school
policies
- social and emotional
implications of the bullying
dynamic
- selecting curriculum to
enhance school culture

Conference participants will:

- Learn about current research that informs effective strategies
- Identify effective strategies that empower districts to address bullying and improve school climate.
